phone : 7667229715

SKILLS SUMMARY

- **Languages**: JavaScript, HTML5, CSS3, Bash

  Proficient in building responsive web applications with modern frontend technologies.
- **Frameworks/Libraries**: Tailwind CSS, jQuery, ReactJS, Next.js

  Experienced in developing user interfaces and interactive components using these frameworks.
- **Tools**: Git/GitHub, VMware, PowerShell ISE, Vim/Nvim, SSH, Spark AR, Figma

  Skilled in utilizing various development tools for version control, virtualization, code editing, and design prototyping.
- **Database/Backend**: Node.js

  Knowledgeable in server-side development and building scalable backend systems.
- **Operating Systems**: Linux, Windows, MacOS

  Proficient in working across multiple operating systems for development and deployment. Skilled in building, configuring, troubleshooting systems, deployment, and ongoing maintenance tasks for smooth system operation.

PROJECTS

- **Web based road update information system**: Developed a web-based system to provide real-time road updates, including traffic conditions, accidents, and construction alerts. Integrated live data sources to help users navigate efficiently and avoid delays.

- **A terminal-styled portfolio** : Aesthetically appealing portfolio platform fashioned in the style of a Linux terminal. Engineered through the integration of static site generators, HTML, CSS, and JavaScript. The platform exhibits a design reminiscent of a Terminal, featuring a text-based interface and striking ASCII art.

- **Contact-Form with google sheet database**: Engineered a resilient web application utilizing Next.js, and aesthetically crafted with Tailwind CSS. Integrated an intuitive contact form for effortless response submissions. Utilized the Google Sheets API to securely administer and store responses in a Google Sheet database.

EDUCATION

Gautam Budha High School *i have completed my school with 1st division*	*2007 - 2016*
G.W.P Muzzafarpur (Diploma) *i choose Electronics and communication Engineering (ECE)*	*2016 - 2018*
UG in Computer Science Engineering *i am undergraduate B.E at VMRF university*	*2023 - 2026*

ACHIEVEMENTS & WORK EXPERIENCE

- I have one year experience in **wistron company Bangluru** from (July2022 - June2023) in department **(IPQC)** major duties of ipqc like process monitoring, inspection &testing, defects analysis, Documentation& Reporting , employees training and Customer Quality assurance.
- Contributed to open-source projects at CAL Company, enhancing various software applications

- Proficiently accomplished the Version Control course on Udemy, showcasing expertise in implementing Version Control systems and effectively managing code revisions.

HOBBIES

- **Interests :** I love engaging in creative activities and tackling new challenges. Reading story books and listening music. Passionate about trying and making new dishes, exploring different cuisines and flavors.

- **Crafts Making** : Passionate about craft making, creating unique handmade items and DIY projects. Love expressing creativity through craft making, from handmade gifts to home décor.

- **Web Development**: Skilled in designing and developing websites with an emphasis on user interface (UI) and user experience (UX). Proficient in creating unique and visually appealing website designs that deviate from conventional formats.
